

WONDERFUL ICELAND

Iceland, the country of fire and ice, lives up to its magical reputation. The northern lights, hot springs, glaciers, active volcanoes, geysers, and inviting desolation makes Iceland a natural phenomenon. Reykjavik, Iceland is a unique destination that offers pristine nature, breathtaking landscapes, and vibrant culture. Reykjavik also serves as an ideal jumping off point for the country's natural wonders.

The well-known Golden Circle of the island contains three of the country's most famous natural attractions: Thingvellir National Park, Gullfoss waterfall, and the Strokkur Geysir and geothermal area. You can take a whale-watching boat tour or discover the south coast with a visit to the famous Blue Lagoon for a hot swim in an ice-cold climate. Just imagine bathing in steaming milky blue waters, sipping a cocktail at a swim up bar, and looking out over an otherworldly landscape of jagged peaks and black lava fields. This geothermal pool, the most visited of Iceland's many such oases, boasts mineral-rich waters, a luxurious spa, and a magnificent setting. Discover the legendary country of Fire & Ice!
